

Welcome to PawFi

Duolingo but for investing
Quick, fun, rewarding

<https://paw-fi.app/>

Problem

- ❖ Gen Z wants to invest — but feels **overwhelmed**.
- ❖ Financial literacy is complex, **jargon-filled**, and often boring.
- ❖ Most tools aren't built for **beginners** or **mobile-first** learners.

Solution

Duolingo Meets Finance

Simple, Engaging, and Built to Stick.

Why Now?

Gen Z entering workforce, eager to build wealth.

70M+ in the U.S. and 7M+ in Canada lack accessible financial education

Finance content is booming, but tools to act on it are missing

AI enables scalable, personalized coaching

Gamified, mobile-first learning is on the rise

Market

Market momentum is here — Gen Z is learning, spending, and ready to grow wealth.

\$100B+

Global edtech +
fintech opportunity

PawFi Team

Sabina Shao – CEO
Design Lead & Brand

Product designer and founder with 8+ years building fintech and marketing tools. Led UX and design of consumer-first tools across fintech and marketing. Combines creative execution with business clarity to build products that resonate and scale.

Roe Luo – COO
Finance & Strategy

CFA, MBA, and former equity research analyst with 10+ years in finance. Led financial modeling, investment analysis, and curriculum development for non-experts. Deeply focused on making investing more inclusive and understandable.

Yifan Lim – CTO
Full-stack Engineer

Full-stack engineer and startup builder. Co-founded multiple Web3 products including a DePin marketplace and NFT platform. Led ERP development at Intact and built scalable platforms across mobile, web, and blockchain.

Roadmap

- We're currently in **MVP and beta testing**, raising pre-seed funding to bring PawFi to a full public launch.
